

Building ToDo app Form Validation

Formatting add todo page and Adding Validation

todo.jsp

```
<html>
  <head>
    <title>First web application</title>
    <link href="webjars/bootstrap/4.5.3/css/
bootstrap.min.css" rel="stylesheet">
  </head>

  <body>
    <div class = "container">
      Add ToDo page for ${name}

      <form method="post">
        <fieldset class = "form-group">
          <label>Description</label>
          <input name = "desc" type = "text" class
= "form-control" required="required">
        </fieldset>

        <button type = "submit" class = "btn btn-
success">Add</button>
      </form>
    </div>

    <script src="webjars/jquery/3.5.1/jquery.min.js"></
script>
    <script src="webjars/bootstrap/4.5.3/js/
bootstrap.min.js"></script>
  </body>
</html>
```

Our application allows blank values to be stored so we could add required in text box description
